

### The performance report

Student trainee Kulinkovich Tatyana Sergeevna during the period from March 1, 2022 to May 1, 2022 was in practice in the "AUTOIDEA" Ltd, address: Republic of Belarus, Minsk region, Tsna, ul. Yubileynaya 4, as assistant to the engineer-programmer. Her duties included:

- filling and editing the database using BMW Air and 1C software;
- development of modules for Bitrix24;
- creating a virtual machine on MS Hyper-V server with installation of Debian OS followed by installation and adaptation of wikipedia (xwiki);
- participation in the IT-security audit of the AUTOIDEA company, where a phishing web page for Bitrix24 login (using PHP) was developed to organize a phishing attack.

Throughout the internship Tatiana Kulinkovich diligently and responsibly treated the work she was doing, demonstrating a deep theoretical knowledge and ability to use it in practice.
